AHMET OGUZHAN ENGIN

Software Developer

Software Developer with 5+ years of professional experience. I build web and mobile applications with React, Next.js, Node.js, React Native (Expo), PostgreSQL and Docker; I work on SaaS and AI/LLM-based solutions.

Beyond software development, I have taken an active role in product development, project management and technical solution design, contributing to products from the idea stage through to launch. I focus particularly on AI/LLM, agent-based systems, automation, and scalable SaaS products.

I am a graduate of Isik University's Civil Engineering program, which I completed on a 100% scholarship with a 3.56/4.00 GPA, ranking first in my department. I am now pursuing a thesis-based M.Sc. in Computer Engineering.

Academic Background

2025 - Present	Isik University M.Sc. in Computer Engineering (Thesis-based) - 100% Scholarship · GPA 3.0/4.0
2021 - 2022	Uskudar University Qualified IT Specialist Certificate (Web and Mobile Programming)
2021 - Present	Anadolu University, Open Education Faculty Management Information Systems
2017 - 2021	Isik University B.Sc. in Civil Engineering - 100% Scholarship · GPA 3.56/4.00

Work Experience

2023 - 2026	Collabry.io Fullstack Software Developer
2023 - 2025	Stadelon Clothing & Design Co-Founder
2023 - 2023	LookUs Scientific Frontend Developer
2019 - 2023	Freelance Java and C# Instructor
2021 - 2022	Adim GY Construction Inc. Technical Office
2018 - 2021	Isik University Java and Design Applications Instructor
